Mayor & Council

Greeting from Mayor Augustyn

On behalf of Pelham Council, I am honoured to extend greetings to you in this special Community Guide – special because it contains information about the Pelham Community Centre.

Over the last number of years, Council has diligently scrutinized and prepared for a Pelham Community Centre. We surveyed the community about your needs; we tested a business case for those needs; and we reviewed an operating pro forma that would satisfy those needs. All this work confirms that sustaining demand exists for a Community Centre that would include adaptable and multi-purpose community spaces, a double gymnasium, an indoor walking/running track, and a double arena. This Community Centre will serve as the place for residents of all ages to gather and enjoy a wide-variety of recreational, social, health, and community activities for generations!

Enclosed you will find drawings and profiles of the facility. We've also included answers to questions you may have about the project costs and any property tax impact.

In the rest of the guide, you will find information about our vibrant, creative, and caring community. Should you require any additional information, Town staff will gladly assist you!

Let's continue to work together to ensure Pelham remains a vibrant, creative, and caring community in which to live, work, play and visit.

Yours sincerely,

David Augustyn, Mayor
905-892-2607 ext. 317

MUNICIPAL BUDGET

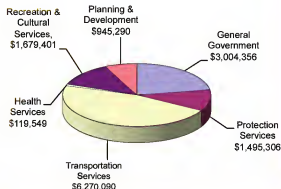

The Town of Pelham's 2016 approved Operating Budget is \$13,513,992.

The Town generates revenues from user fees and charges in the amount of \$2,450,681 reducing the amount required from the taxation to \$11,063,311.

Your tax bill reflects approximately 49% for the Niagara Region, 17% for Education and 34% for the Town portion.

Below is a breakdown of the total budget by department and by distribution.

2016 Operating Budget

2016 Water & Wastewater Budget

For a third year in a row, the Town of Pelham froze water and wastewater rates for residents. The Town's careful management of the water system (including meter replacements, infrastructure upgrades and continued system audits) helps offset the Region's 3.2% water and 1.8% wastewater rate increases.

Pelham's water rates are based on a fixed charge component and rate-for-consumption-usage. This methodology benefits those who conserve water and ensures infrastructure sustainability (repairs, replacements, renewals). For more information on Pelham's budgets, visit pelham.ca/budgets.

Pelham Fire Services

Pelham Fire Services is committed to providing the best possible emergency services to protect the life and property of the residents we serve.

Pelham Paying It Forward

In October 2015, Council ceremonially acknowledged the donation of a decommissioned pumper fire truck to the Rotary Club of Welland, who facilitated the delivery of the truck to the First Nations Reserve community of Bearskin Lake.

Bearskin Lake First Nation is a community of 475 people located 730 kilometers from Sioux Lookout where land access only occurs during the winter months via winter ice roads and daily flights. The community is in need of fire protection equipment and only has water distribution for 8 hydrants within the main settlement and uses the local lake for fire protection.

As of March 2016, the donated fire truck is in service at the community's fire station, along with some bunker gear and other firefighting equipment passed on by Pelham Fire Services. The new pumper truck for Pelham Fire Station #2 went into service this past January.

Spring & Summer Maintenance

TOWN INFO

A change in the seasons means our crews work proactively to complete necessary maintenance within prescribed service levels. Here's how you can help make a difference...

Roads

Town staff work tirelessly throughout the winter season to keep our roads clear. Please help staff tidy up after winter and ensure that repairs can be made quickly and efficiently by reporting boulevard damage before **May 1st**.

To report damage, please visit pelham.ca/public-service-request to log your [service request](#) or contact the Public Works Department at (905) 892-2607 ext. 332.

Sidewalks

You can help keep the Town of Pelham a walkable and inviting community. This spring please trim back your hedges, trees, and plantings that may be overgrowing the sidewalk.

To report low hanging branches and uneven sidewalk panels, please visit pelham.ca/public-service-request to log your [service request](#) or contact the Public Works Department at (905) 892-2607 ext. 332.

Drainage

To ensure the Town of Pelham's drainage systems are up to the task to tackle spring rain showers, please clear litter and debris from the catchbasins around your property. Catchbasins are for water only and what goes into them will eventually make its way to the natural environment. Please do not use catchbasins to dispose of yard waste or household chemicals. Be a good neighbor, a little extra care will keep the drains and ditches running for all of us.

To report culvert blockages, please visit pelham.ca/public-service-request to log your [service request](#) or contact the Public Works Department at (905) 892-2607 ext. 332.

Water

After the winter months it's time for a good spring cleaning. Beginning in May, your Water and Wastewater staff begin the Spring Watermain Flushing Program.

Water and Wastewater staff are out on the roads keeping an eye on the water and sewer mains and performing maintenance on critical municipal infrastructure. Please drive with caution when you see them on the road.

Fire Hydrants

Please keep fire hydrants free from obstructions by leaving them visible and accessible. Every minute counts in an emergency.

For additional information, please contact the Public Works Department at (905) 892-2607 ext. 332 or visit pelham.ca to log your [service request](#).

Town Committees

The Committees featured here are only a few of the Committees that contribute to our Town's vibrancy. Please see our website at pelham.ca for information on all Committees.

Adopt A Road, Trail, Park Program

The Town of Pelham organizes the program as a public service program for volunteers to pick up litter along certain locations in Town. It is a way for environmentally conscientious citizens, community and civic organizations, private businesses and industry, to contribute to a cleaner environment and a more beautiful Town. Under the program, groups and individuals agree to adopt a section of Town right-of-way, garden, park or trail and keep it clean. In addition to the satisfaction gained by providing a cleaner environment, the volunteers are recognized by a sign erected by the Town acknowledging their efforts. Interested in participating in the Pelham Adopt-A-Road program? Please contact Public Works at 905-892-2607 ext. 332 or ctonon@pelham.ca.

Beautification Committee

The Pelham Beautification Committee holds several annual events: a Spring Community Clean Up (includes a Corporate Challenge Day, Student Participation Day and Community Participation Day), the Garden Tour in the summer, and the Trillium Awards with judging held in August. If you would like to learn more or would like to become a part of the committee, please contact Public Works at 905-892-2607 ext. 332 or ctonon@pelham.ca.

Advertise Your Business At The Pelham Arena

Three different ways to promote your business!

1. Arena Walls: \$125 per year + HST
2. Arena Boards: 1st year cost \$210 (sign board & clear protective coating)
plus \$18.75 per ft + HST 2nd & 3rd year \$62.50 per ft + HST
3. Ice Resurfacers: \$500 per year + HST

By advertising at the Pelham Arena you not only expand your present clientele, you also help support a worthwhile community facility. Revenue received from the advertising space helps to offset the annual costs in an effort to keep rental rates low. This includes rates for our youth sports organizations. We require that all advertisers sign a two-year contract.
